Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Through the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

I am	I'm trying to	But	Because	Which makes me feel
A cricket coach or team manager.	Track player performance across matches.	Performance details are difficult to organize manually.	Player statistics are spread across multiple match records.	Confident about accessing organized player statistics.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A cricket coach or team manager.	Track player performance across matches.	Manual records are difficult to organize and update.	Player statistics are maintained across multiple match records.	Confident about having organized and accessible player statistics.
