

Project Demo Planning

Date: 30 September 2026
Team ID: SWTID-2026-9157
Project Name: Cricket Player Performance Tracking Application (CRICKSTATS)
Maximum Marks: 1 Mark

Project Demo Planning:

A well-structured demo plan ensures that our team presents CRICKSTATS clearly and effectively. The demonstration introduces the project, explains the Salesforce solution, presents the main features, and shows the responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce Aysha Malhan, the five-member team, CRICKSTATS, and the need for organized cricket player performance tracking.	2	Aysha Malhan
2	Solution Overview	Explain the Player Object, Match Performance Object, their relationship, custom fields, and how performance data is organized.	3	Aysha Malhan Alina Harmin Z
3	Player & Match Performance	Demonstrate player information and match performance details such as runs, balls faced, fours, sixes, overs, and wickets.	3	Alina Harmin Z Afeefa Thasneem F
4	Lightning App & Custom Tabs	Show the CRICKSTATS Lightning App and custom tabs used for easy navigation and access to the application.	2	Humyra Saimah K
5	Flow & Roll-up Summary	Demonstrate the Screen Flow/Home Page Flow and explain how the Roll-up Summary summarizes related match performance information.	3	Ifra Sameen Aysha Malhan
6	Q&A / Final Summary	Answer questions, summarize the project features, and explain how Salesforce features work together in CRICKSTATS.	2	All Members

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce the team and explain the problem of managing cricket player performance data.
2	Solution Overview	Explain CRICKSTATS, the Salesforce-based application, its objects, fields, relationship, and overall workflow.
3	Live Feature Demonstration	Show Player records, Match Performance records, Lightning App, custom tabs, Screen Flow, Home Page Flow, and Roll-up Summary.
4	Q&A Session	Respond to questions and give a final summary of the CRICKSTATS application and its main features.
